

2010 EVENT SCHEDULE

Because of where the owners of unique, exotic, historic and racing motor vehicles live – or house their creations – travel expenses can become quite expensive. Thus we have chosen to attend certain events to offer credentialed appraisal services on-site where such vehicles assemble. Previous appointments are required to assure enough time is available to properly inspect, catalog and photograph each vehicle. Within reason, appointments are taken in surrounding regions both before and after listed events. To schedule an appointment, email us at: appraiser@southwest-valuations.com or call (520) 455-0092.
